

Spanish 3 & 4
Pre-project assignment
October 21, 2013

Directions: This assignment will serve to lay the foundations of your next project. Please watch as many of the videos as possible and obtain at least one article about La Malinche or La Llorona.

I. **Visit the CSPA HS Weebly Site:** <http://cspahs.weebly.com/spanish-3-and-4.html>

*Videos have been linked on the Spn 3 & 4 page under La Llorona.

-Both historical videos about La Malinche and the legend of La Llorona are included.

-Take notes on the videos you watch. There is one video narrated in English. However, you should be able to get a significant amount of information from the video from Xochimilco (because of all of the visuals and references to the story that you have already read).

-Can you find other videos or information about La Malinche (the historical figure) and La Llorona (the legend)?

II. **Begin to summarize the story of La Llorona**

Things to consider....

-Who are the main characters?

-What are the main events of the story?

-How do actions of one character affect the others?

-What is the climatic part of the story?

-How is the story resolved?

III. **Contexto Cultural**

-Use the contexto cultural as a guide for additional research

-What do you find the most intriguing about this sad story?

-Do you have specific opinions about the appearance of this figure throughout history?

-What about her appearance before the Spanish came in the Aztec of Tenochtitlan?

*Print an article that you find interesting during your investigation today.
